6. Water and sewer demand estimate:

If your project involves the erection of a new building, substantial alteration of an existing building or installation of additional industrial machinery and equipment, we would like to know about any anticipated additional demand for city water and sewer services. If your project will create significant new utility revenues for the city, that factor may be considered in the determination of your JCIP incentive level and/or term.

Is the proposed project site presently served by Village of Hicksville water and sewer? Yes No

What is your estimated additional water demand associated with your project?

_____ gallons per _____ Month or Year

What is your estimated additional sewer effluent discharge associated with your project?

_____ gallons per _____ Month or Year

How this application will be processed:

1. Return your completed application to the Executive Director of the Defiance County Community Improvement Corporation, 1300 E. Second Street, Defiance, Ohio 43512.
2. The e-mail address is: Erika@DefianceCountyED.com
3. Within 21 days following the receipt of your application, the Village's Job Creation Incentive Program Committee shall review the application and determine the project's eligibility for incentive and the level and term of any incentive award.
4. Each JCIP award approved by the JCIP Committee shall be submitted to Defiance City Council for funding certification by the enactment of a city ordinance. This Ordinance of Record shall be adopted within 30 days of the ordinance's submission to Council.
5. Within seven days of the effective date of the Ordinance of Record, the Executive Director of the CIC will deliver to the applicant company a Notice of Award detailing the terms of their JCIP incentive award.
